

FREE, HANDS-ON YOUTH POWER TOOLS TRAINING

Youth Power Tools is a 32-hour training which covers the ability to quickly and accurately use a tape measure and the general safety, size, types, marking and cutting of lumber. Safety, operation and proper use of a variety of power tools used in the construction industry including: orbital sander, finish sander, compound miter saw, router, jig saw, kreg jig, drill, impact driver, and belt sander. Students will construct small projects and complete tasks using various power tools.
