

Silver Bay Seafoods NOW HIRING

Seamer Technician in Ketchikan

As a **Seamer Mechanic**, you will play a crucial lead role in ensuring the smooth operation and optimal performance of our 60L seaming line. You will be responsible for the pre-season preparation, preventative maintenance, troubleshooting, and repair of our 60L seamers. Your keen eye for detail will be essential in overseeing seam quality and ensuring compliance with strict can manufacturer specifications.

Duties and responsibilities:

- Lead pre-season preparation, repair and ongoing preventative maintenance of 60L seamers.
- Conduct thorough inspections and identify potential issues before they cause downtime.
- Utilize specialized tools and gauges to measure, calibrate and adjust seaming head components to achieve consistent, hermetic seals.
- Oversee and document seam quality control procedures, ensuring all seams meet can manufacturer specifications and food safety regulations.
- Troubleshoot and diagnose seamer malfunctions, pinpointing root causes and implementing effective repairs.
- Perform repairs on 60L seamers using hand and power tools, including replacing worn parts and maintaining a clean and organized workspace.
- Assist with repairs and preventative maintenance on other plant equipment as required, demonstrating a willingness to learn and adapt to various mechanical systems.
- Collaborate with technicians and maintenance personnel to diagnose and resolve equipment issues.
- Maintain a comprehensive understanding of plant equipment through ongoing learning and participation in training programs.
- Uphold all safety protocols and procedures in the plant environment.
- Implement strategies to improve uptime, efficiency of seaming line.
- Maintain clear and concise documentation of all maintenance activities, repairs and replacements on the seamers.
